24TH PLENARY MEETING

**5 & 6 APRIL 2017
LIMASSOL - CYPRUS**

The Cyprus Organisation for Standardisation (CYS) will host the next plenary meeting of the European Technical Committee CEN/TC12, where standardisation issues related to materials, equipment and offshore structures used in the drilling, production, transport by pipelines and processing of liquid and gaseous hydrocarbons within the petroleum, petrochemical and natural gas industries are expected to be addressed.

WHAT WE DO

CYS is the National Standards Body of Cyprus who manages the European and International Standardisation Systems in our country.

CYS represents Cyprus into CEN, CENELEC, ETSI, IEC and ISO and participates into the development of the European and International standards.

CYS's mission is to strengthen the National Standardization System in order to enhance the competitiveness of Cyprus enterprises and the protection of the environment and to safeguard the health and safety of consumers.
